

**2<sup>nd</sup> WG1 Meeting :**  
**February 24th 2-4pm (CET)**

Link for the meeting:

<https://global.gotomeeting.com/join/811766933>

**Agenda :**

- **Reminder of WG1 objectives**
- **European survey skill**
- **Discussion around the library of protocols:**
  - o Which form?
  - o Which organization?
  - o Which tool to share?
- **Update of initiative around lipidomic/data base in different organism (Valerie O'Donnell)**
- **Technical discussion to come:**
  - o Objectives
  - o Future program
- **Organism group discussion**
  - o Objectives
  - o Future program

**2<sup>nd</sup> WG2 Meeting:  
February 18<sup>th</sup> 2 pm-4:30 pm (CET)**

Topic: Zoom 2nd-WG2 Meeting

Time: Feb 18, 2021 01:55 PM Rome

Join from PC, Mac, Linux, iOS or Android: <https://videoconf-colibri.zoom.us/j/85190609153?pwd=V2FaKzN1UUR0eklqOVpPVmNUdnpQZz09>  
Password: 502683

**Agenda:**

- 2:00     **Opening and general communications**  
*Laura Goracci (University of Perugia, Italy) and Pedro Domingues (University of Aveiro, Portugal)*
  
- 2:10     **Studies on oxylipins and their metabolism in immune cells and wounding**  
*Valerie O'Donnell (Cardiff University, UK)*
  
- 2:25     **The role of lipidomics in the ischemia-reperfusion injury.**  
*Tomislav Tosti (University of Belgrade, Serbia)*
  
- 2:40     **Data integration for lipid peroxidation products involved in neurodegeneration**  
*Arif Kamil Salihoglu (Karadeniz Technical University, Turkey)*
  
- 2:55     **1-slide/minute presentations of WG2 participants**
  
- 3:15     **Breakout rooms by grouped Tasks (by affinity)**
  
- 3:45     **Breakout rooms wrap-up and discussion on the next WG2 activities**
  
- 4:20     **Closing remarks**

**2<sup>nd</sup> WG3 Meeting:  
February 17<sup>th</sup> 2 pm-4:00 pm (CET)**

Topic: EpiLipidNet WG3 2nd meeting  
Time: Feb 17, 2021 02:00 PM Stockholm

Theme: “**What are normal ranges of circulating lipids? How to define them and which factors influence them?**”

### Program

14:00 **Introduction**

14:05 Amalia Gastaldelli (Institute of Clinical Physiology of CNR Pisa, Italy). ***Lipid metabolism across the gut-liver axis, and the role it plays in determining the levels of lipids in circulation.***

14:20 Craig Wheelock (Karolinska Institute, Sweden). ***Exogenous factors affecting (oxy)lipid levels in the body.***

14:35 Markus Wenk (National University of Singapore). ***Reference materials and biological reference ranges.***

14:50 **Discussion**

16:00 **End of the meeting**

**2<sup>nd</sup> WG4 Meeting:  
February 25<sup>th</sup> 2 pm-4:00 pm (CET)**

**Agenda of WG4 Meeting 2; 25.02.2021**

1 pm – 4 pm CET

Online Zoom meeting (link to follow)

**Agenda**

<b>13:00-13:15</b>	<b>Welcome, presentation of objectives and deliverables</b> <i>Florian Gruber &amp; Egon Willighagen</i>
<b>13:15-14:00</b>	<b>1- slide 1- minute (!) introduction</b> round of new members/interested <i>Slides presented by FG; all participants speak, alphabetical order last name.</i>
<b>14:00-14:45</b>	<b>Break out session</b> , self-allocation to breakout rooms according to research interest / topic on showcase projects. <b><u>Each breakout room will please select one participant (rapporteur) who will report (in few sentences) on the discussions.</u></b> <i>All participants.</i>
<b>14:45-14:55</b>	BREAK
<b>14:55-15:15</b>	<b>Short reports from the breakout sessions</b> (please Rapporteur note them and send to FG, EW afterwards) <i>Break out session rapporteurs</i>
<b>15:15-15:30</b>	<b>Scientific presentation</b> ( <i>Ines Drenjancevic Group</i> ) + Discussion
<b>15:40-15:55</b>	Discussion on Tasks/Objectives progress – <b>Plans for Workshops on WikiPathways</b> <i>All participants.</i>
<b>15:55-16:00</b>	Other business - END
